

Oakland University
Undergraduate Computer Research in Cybersecurity and AI
(UnCoRe-CyberAI)

Program Duration: 5/20/2024 ~ 7/26/2024

Application Deadline: 3/31/2024

I am reaching out to share with you the good news that we are now accepting applications for the summer 2024 UnCoRe-CyberAI program in Cybersecurity and AI at Oakland University (OU). Faculty participants from the School of Engineering and Computer Science (SECS) inspire students by creating an atmosphere of excitement and creativity. Each REU participant will work directly with SECS faculty members and their research groups and be part of the larger SECS community.

The UnCoRe-CyberAI has a record of success, many of former students attend graduate school and have received several awards and honors including but not limited to:

- Best Poster at the 2018 IEEE International Conference in Consumer Electronics (ICCE)
- Fulbright award
- Best Full Paper at the 12th annual Cyber and Information Security Research Conference (CISRC2017)
- Student scholarship to pursue a master's degree in Computer Science at Stanford University
- 2 Research projects were listed at the NSF REU site as a nugget
- The NIH F31 Predoctoral Fellowship
- 2 Research grants from the Michigan Space Grant Consortium
- Award for Outstanding Research Poster in the Annual Meeting and Student Research Conference, Los Angeles, California

PROGRAM INCLUDES

- Hands-on research in state-of-the-art facilities
- Seminars, workshops, and field trips
- Group social activities and banquet
- Optional outreach opportunities to middle and high school students

ELIGIBILITY

- Undergraduate students majoring in Computer Science or Computing-Related Fields.
- U.S. Citizen or permanent resident
- Minorities and women are strongly encouraged to apply

AWARD

- \$7,000 stipend
- Travel allowance
- Food allowance
- Room and board

We would like to make this opportunity available to your students at all stages of the undergraduate careers and from all institutions including community colleges. We would appreciate if you would forward them this information. Please visit: <http://cse-reu.secs.oakland.edu> for more information and apply via <https://etap.nsf.gov/award/6667/opportunity/9110>.
